

# Finding Home

ANNUAL REPORT 2014

**FAN  
FREE  
CLINIC**

# Our Mission

The mission of Fan Free Clinic (FFC) is to provide quality health services, especially to those least served, in a compassionate and non-judgmental environment.

# Our Values

**WELCOMING:** We respect the worth, dignity, and equality of every person.

**IMPACTFUL:** We provide effective, quality care that improves the health of our service population.

**TRUSTED:** We provide a professional and safe environment for our patients, clients, volunteers, and staff.

**RESPONSIVE:** We advocate for and provide services to address evolving community needs.

**INTEGRATED:** We focus on the health and well-being of the whole person.

# Home is as much a state of mind as it is a place.

Home can be found outside of houses and familial lines. It can be an understanding of belonging, an awareness of acceptance. Home is welcoming and full of trust. Home is safe.

Fan Free Clinic is a home to those we serve. We are attuned to the physical, mental and emotional needs of our patients and clients—we embrace the whole person.

As you will find in this report, our patients and clients often carry the sense of home they feel at FFC back to the places and spaces where they reside.

Overall, for many patients and clients, staff and volunteers, Fan Free Clinic is all about FINDING HOME.

Board Chairman Roger D. Neathawk and Executive Director Karen A. Legato

## Finding Home

It's all about home. Whether we call it a Patient Centered Medical Home or a Person Centered Health Home, Fan Free Clinic has been reflecting, re-affirming, and strategically planning to be a "Health Home" for all those we serve.

In our 46 years, we have been home to many, but only in the past few years have we begun to name it, define it, and make a daily commitment to improve how we do it.

Instrumental to this process has been our 5+ years of membership and commitment to the Greater Richmond Patient Centered Medical Home Collaborative, convened and funded by the Richmond Memorial Health Foundation and facilitated by Community Health Solutions.

According to the PCMH Care Model we are challenged to provide care that is:

- **Patient/Client-centered:** A partnership among practitioners, patient/clients, and their families ensures that decisions respect wants, needs, and preferences of patients/clients and those served that they have the education and support they need to make decisions and participate in their own care.
- **Comprehensive:** A team of care providers is accountable for the whole person's physical and mental health care needs, including prevention and wellness, acute care, and chronic care.
- **Coordinated:** Care is organized across all elements of the broader health care system, including specialty care, hospitals, home health, community services and supports.

- **Accessible:** Services are accessible with shorter waiting times, "after hours" care, 24/7 electronic or telephone access and strong communication through health IT innovations.

- **Committed to quality and safety:** Clinicians and staff enhance quality improvement to ensure that patients/clients and families make informed decisions about their health.

The Board of Fan Free Clinic has been instrumental in moving us closer to this quality care model by ensuring the organization is mission-aligned and working toward both short-term and long-term sustainability.

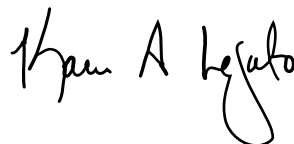

We recently completed a 14-month strategic planning process. This journey did not lead us to a new home, but rather brought us back home with a renewed purpose—a modified mission, recommitment to key values, and a three year map to guide us through the ever-changing landscape that is the world of health care.

On the pages that follow, you will discover what home means to three of the people you helped us serve last year. They were each given a disposable camera to photograph what represented home to them, and how Fan Free Clinic has "enhanced" the place they call home.

We are grateful to all of you who believe in us and support us through your generous gifts of shared time, skills and resources. You are providing the health home to all of those who need us.

Roger D. Neathawk  
Board Chairman

Karen A. Legato  
Executive Director

# Randy James

## Randy's

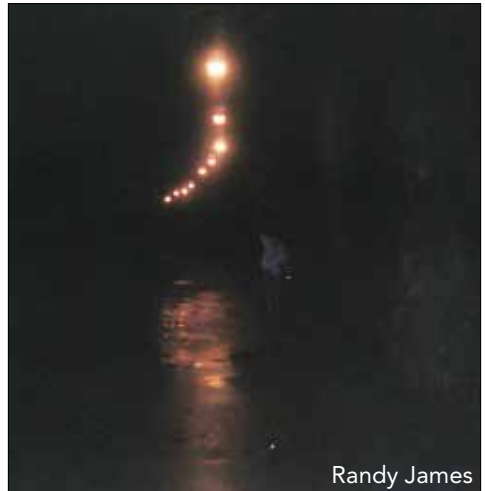

home is his castle. But, home is also everywhere he takes his bright smile.

Randy is thankful for the care he receives through the FFC Mental Health program. The support of therapy helps him to cope with a chronic health condition.

Randy loves the solace he feels in the outdoors. Whether it is being by a babbling brook or the slow drips of water in an underground tunnel, Randy feels at home.

He says he doesn't know what he would do without the support of folks at the Fan Free Clinic.

Where there is peace, there is home.

Randy James

Randy James

# Burnadine

has an effervescence about her now. She said when she came to Fan Free Clinic she was just tired of being sick.

"I don't know what I would have done if I hadn't found this place," she says. An FFC patient for 12 years, Burnadine received medical care and medication assistance. FFC helped her find permanent housing and provided food to her from our Food Pantry.

At FFC "they knew me by name. I wasn't just a number or a file. People there were like family."

Where there is family, there is home.

Burnadine Yates

Burnadine Yates

## Larry

came to Fan Free Clinic in 2008. He had lost his insurance when his employment situation changed. Larry drives 50 miles to Richmond for appointments.

“I have to be honest with you. Fan Free provides better care than you can get at most physician offices. People know my name. They are concerned about my health,”he says.

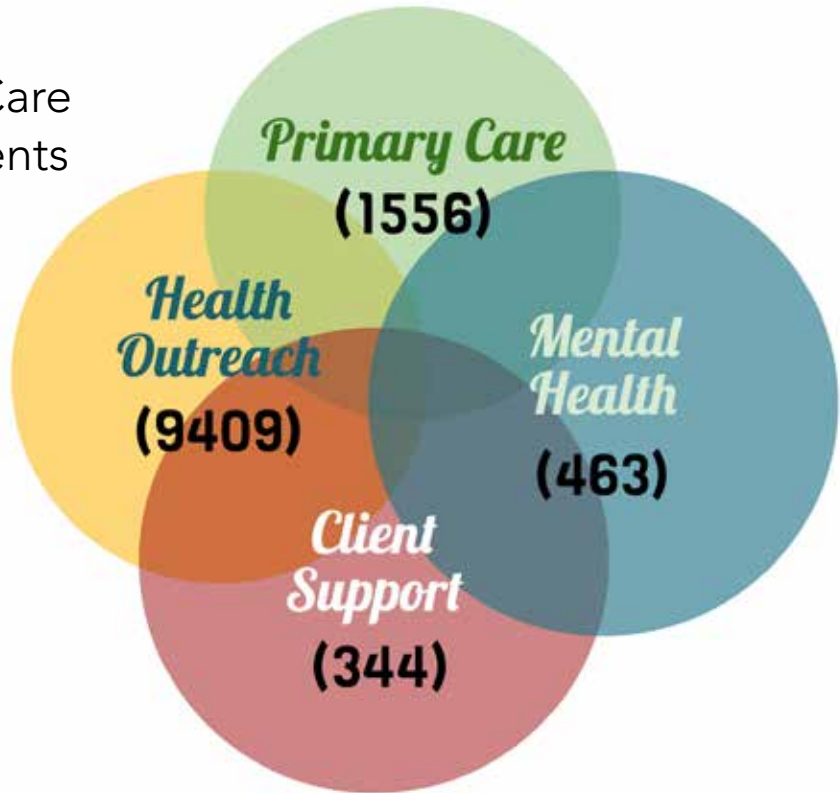

Larry appreciates the education he has received through the FFC Diabetes Wellness Program. It has helped him pay attention to small things. If you look through his glasses in the picture below, you can see one of his favorite things—a hummingbird making herself right at home on his porch.

Where there is wonder, there is home.

# VOLUNTEERS ROCK!

From one-time opportunities to on-going professional services and committee work, volunteers keep Fan Free Clinic going.

**438**

volunteers provided over

**20,000** hours of service

valued at nearly

**\$600,000**

during FY 2013-2014

# Honor Roll of Donors

In fiscal year 2014 (July 1, 2013 - June 30, 2014), Fan Free Clinic received over \$1 million in contributions from those listed below. It is this tremendous generosity that enables us to serve as a medical home for our neighbors and friends. Thank you!

## RESTRICTED GIFTS AND GRANTS

## ENDOWMENT AND PLANNED GIFTS

*The Clinic is committed to building and sustaining support for the future through tax-wise gifts and estate planning. Gifts this year included:*

The Estate of John Donovan  
The Estate of Ralph Fox  
The Estate of Richard E. Ryan

*Fan Free Clinic gratefully acknowledges the generosity of our supporters. While every effort has been made to accurately list our donors and regular volunteers in this report, omissions may have occurred. We would appreciate having any errors brought to our attention. Please call Polly Foster at (804)358-6343, Ext. 110.*

*Thank you for your continued support.*

A person wearing a cap and glasses is shown in silhouette, looking out a window with white curtains. The background outside the window is bright and slightly blurred, showing what appears to be a street scene with a white van and trees.

**“The most wonderful part about coming to see you is the ability I have to become the person I was born to be.”**

**—Iman Dickerson, FFC Patient**
